C program to print Environment list

```
#include <stdio.h>
```

```
int main (int argc, char *argv[], char *envp[])  
{
```

```
    int i;
```

```
    for (i=0; envp[i] != NULL; i++)
```

```
        printf("%s", envp[i]);
```

```
    getch();
```

```
    return 0;
```

```
}
```
